

INTERNATIONAL ARBITRATION

OVERVIEW

International arbitration can be an excellent forum for resolving complex commercial disputes, but it comes with its own unique set of challenges and nuances. When there can be huge sums or big issues at stake, you need the very best team at your disposal, made up of experienced lawyers able to handle arbitrations of any kind, and offer you best-in-class advice and representation across the globe.

At BCLP, we have built one of the premier international arbitration teams in the world. Our team of over 100 lawyers sits across the globe, based in our offices in Abu Dhabi, Dubai, Hong Kong SAR, London, Miami, New York and Singapore, meaning we can effectively service our clients' arbitration needs 24 hours a day. We have teams with deep experience of disputes arising from projects in Latin America, Russia and the CIS, the Middle East, Africa, East Asia, Southeast Asia and South Asia.

Our team covers a variety of specialist areas, including construction and engineering projects, investor-state disputes, energy and natural resources, banking and finance, insurance and reinsurance, commodities, sports and the full range of corporate and commercial matters.

We have recognised market leaders in investment arbitration, construction and engineering disputes and commercial arbitration- our team members take leading roles in the arbitration community, in terms of teaching, writing, speaking and taking leadership positions. They are regularly appointed to sit as arbitrators. Members of the team have previously worked at international courts and tribunals, including the London Court of International Arbitration, the International Court of Justice and the International Criminal Court. Several members of our team hold or have held teaching positions in international arbitration and international law at leading law schools around the world, including New York University, Queen Mary University of London, Emory University, Universidad de Navarra and Universidad de San Ignacio de Loyola. Many also are frequent speakers and writers on international dispute resolution issues.

Our team is multicultural – our international arbitration lawyers are qualified in a variety of civil law and common law jurisdictions, and present cases not only in English, but also in Russian, Spanish, French and Italian. In addition, individual members of the team speak a range of other languages.

Forensic accounting – Bryan Cave Leighton Paisner prides itself on being at the forefront of innovation. We can provide instant access to in-house accountancy advice on the financial aspects of arbitration claims. This provides clients with a more complete quantum analysis early on, which can lead to a strong competitive advantage.

RELATED PRACTICE AREAS

- Construction Disputes
- Business & Commercial Disputes
- Insurance

EXPERIENCE

- Representing the Bulgarian subsidiary of a global energy company in a high-value UNCITRAL arbitration regarding the failure to properly design and build a lignite-fired power plant in Bulgaria.
- Acting for a subsidiary of a global construction company in a dispute under a joint venture agreement relating to the development of a container terminal in Aqaba, Jordan. The claim, valued at US\$70m, was subject to a tiered dispute resolution clause, which includes ICC arbitration.
- Representing a shareholder in a high-profile LCIA arbitration seated in London. The dispute concerns the management and operation of one of the largest Russian e-commerce companies. The case includes unfair prejudice claims, which are rare in international commercial arbitration.
